

DURGA DEVI K

☎ +91 6380069729 — ✉ durgadevi.2006@proton.me —  LinkedIn —  GitHub

Education

- **Kumaraguru College of Technology**, Coimbatore, Tamil Nadu
B.Tech – Textile Technology 2023 – 2027
CGPA: **8.48** (up to Semester 5)

Skills

- **Languages:** Python, JavaScript
- **Technologies:** Next.js, React.js, Node.js, Express.js, REST APIs, MongoDB, Mongoose, Puppeteer
- **AI / Computer Vision:** Machine Learning fundamentals, OpenCV
- **Tools:** Git, GitHub, Fusion 360
- **Design & Modeling:** 3D Modeling
- **Core Concepts:** Data Structures and Algorithms, Object Oriented Programming System

Projects

- **TagSnag – Price Tracking Platform** *Individual Project*
 - Developed a web-based platform to track product prices on Myntra and notify users when prices drop.
 - Implemented automated price monitoring using web scraping to remove repeated manual price checking.
 - Built a complete full-stack workflow connecting the frontend, backend APIs, database, and email alert system.
- **Face Biometric System** *Individual Project*
 - Developed a face-based biometric authentication system using Python and OpenCV.
 - Implemented face detection and recognition to enable secure user identification.
 - Automated face registration and verification using real-time camera input.
- **Collision Avoidance System for Autonomous Vehicles** *Team Project*
 - Developed an obstacle detection and avoidance system to enhance safety in autonomous vehicle navigation.
 - Applied Ackermann steering geometry to model realistic vehicle turning behavior.
 - Improved turning accuracy and navigation safety through simulation-based testing.
- **ThermaCocoon – Thermal Insulation Jacket** *Team Project*
 - Designed a multi-layer nonwoven jacket to provide effective thermal insulation in cold environments.
 - Combined passive insulation materials with an active heating mechanism for improved thermal comfort.
 - Integrated a solid polymer electrolyte battery to support controlled heating functionality.

Internship

- **AI / ML Virtual Internship** — EduSkills (AICTE)
April 2024 – June 2024 10 Weeks

Achievements & Certifications

- Winner – Code2Duo Programming Competition, KCT Yugam
- HackerRank Certification – Python
- Project-Based Learning Certificate – KCT
